3 Easy Sponsorship Options …

Choose the option or combine options to obtain the sponsorship benefit level best suited for your company.

Option #1: A Direct Financial Contribution

Your financial contribution will be used to help offset festival expenses such as insurance, tent rentals, and entertainment.

Option #2: In-kind trade of product/services

A donation of your company's products or services

Option #3: Employee Volunteers

Gather a group of employees and volunteer your time for the TomatoFest weekend. We need able-bodied volunteers to assist with Saturday morning set-up and Sunday evening tear-down.

Responsibilities would include moving folding tables and chairs, unloading of plants, hanging/removing banners and signs, and opening/closing tent flaps. 2-3 hours of your time would make a world of difference for us!
